

### **Mission:**

*The mission of the Matthews HELP Center is to provide short-term crisis assistance to our neighbors in the Greater Matthews Community*

### **Vision:**

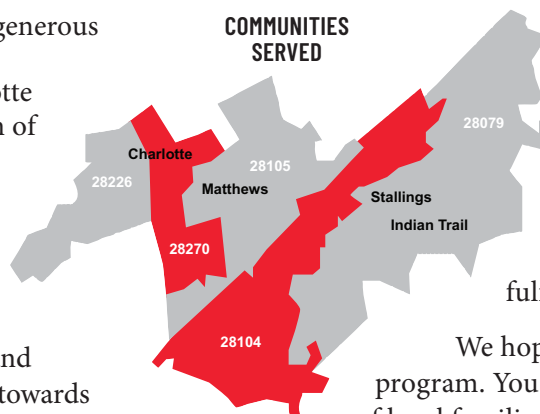

*A self-sufficient thriving community for all*

## **COMMUNITY PARTNERSHIP PROGRAM**

We are incredibly grateful for the generous support of various businesses and organizations throughout the Charlotte community who support the mission of the Matthews HELP Center.

This mission in providing short-term crisis assistance to neighbors in the Greater Matthews Community, helps families in financial hardship to avoid eviction and utility disconnection, while working towards financial security.

The **Community Partnership Program** is more than sponsoring events and logo's on signage. It is about making an investment in our community. It is also about building relationships and a true partnership. While

this program provides support for families who are struggling financially, it also provides opportunities for company employees to become engaged and entrenched in our programs and services; which will provide a true sense of purpose. It's why we work to fulfill our mission every day.

We hope you will consider joining this program. You will be making a difference in the lives of local families in need and in your team(s) with the opportunity to serve others. Please review the benefits listed to select the level that is right for your organization. We look forward to partnering with you.

*Thank you for your consideration.*

## *Client Story*

*Roger and his wife have two children and one on-the-way. Roger worked as a full-time physical therapist, but was unfortunately laid-off due to the pandemic. He is on an "on call" basis now, and had to find a second parttime job. In addition, his pregnant wife was in a rollover car accident. As a result, she cannot return to work and is on bedrest. Their car was totaled, but thankfully mom and baby are okay.*

*Thanks to the support of our community, MHC was able to prevent eviction for this family and offer employment/training resources for Roger. The financial assistance also allows his family to focus on the health of mom and arrival of their newest family member. We wish them well.*

**Helping families avoid eviction and utility termination.**
